

Non-Library Literary Events Policy

Regular weekly story time is run by professional library staff and does not include guest speakers/readers. Inclusion of outside presenters at special library events is by invitation only, as deemed appropriate by library staff.

Local authors, community stakeholders, public officials, and other parties not specifically engaged by the Library who wish to host signings, public readings, and other related events at the library may reserve one of our meeting rooms, subject to availability, at the non-profit rate.

For more information or to book a meeting room, please visit our [website](#). The presenter is responsible for all related marketing, as only library-sponsored events appear on our calendar and our social media platforms.

Approved by the Board of Commissioners: 02.28.23
